

Ladies of the Lake

Kathy, who was born in Redwater Alberta, bought a cabin at Pigeon Lake in 2001, a second home where time and space allows her to explore her creativity.

It is there that her love for nature, solitude and visits with friends have inspired her to express her appreciation for all this more tangibly. She takes her experiences and portrays them in picture narratives using bright, bold colors.

For Kathy home is wherever she is. She says "I want my guests to feel at home with me so I portray this mood in my paintings".
