

Penny Jewellery

Lucya, the creator of the Penny Jewellery Collection, was born in Angola, Africa before eventually immigrating from the Portuguese islands of the Acores to Canada, settling in Toronto. Both of her parents worked with their hands, her mother as a clothing designer and seamstress and her father as a master carpenter.

Lucya's jewelry can be found in galleries and boutiques all over the country.

Her mission is to create unique, beautiful and good quality jewelry. She creates pieces made from natural earthy materials that carry on the ancient tradition of wearing jewelry for healing, protection, inspiration and assistance in times of transition and transformation.
